NOTE: The label number need not be placed on each page. It should however, be placed on the first page of each separate document, such as, a new application, amendment, assignment, and transmittal letter for a fee, along with the certificate of mailing by "Express Mail". Although the label number may be on checks, such a practice is not required. In order not to deface formal drawings it is suggested that the label number may be placed on the back of each formal drawing or the drawings be accompanied by a set of informal drawings on which the label number is placed.
